FROM THE
LEGISLATIVE REFERENCE BUREAU**

LRB-2996/P2dn
MPG:eev:ev

October 23, 2013

Senator Farrow:

Please review this draft carefully to ensure that it is consistent with your intent.

This is a redraft of the patent troll proposal, in preliminary draft form, based on the instructions and comments forwarded to me by Scott Rausch. Please let me know of any further changes you may have, and I will get a redraft back to you in introducible form with an analysis.

Please do not hesitate to contact me with any questions.

Thank you.
